

## 2025 Street Reconstruction Project Update

City of Lakeville Public Works 

---

# Construction Update

---

### Private Features in City Right-of-Way

We ask that residents locate private features in the City right-of-way so the contractor is made aware that there may be irrigation or invisible dog fences in the boulevard. The contractor will do their best to try to minimize damage to these systems and will repair during restoration.

[Watch this video demonstrating areas impacted by construction.](#)

[Get the most up to date construction schedule and phasing map \(PDF\).](#)

### Phase 1 - 170th Street & Hayes Avenue

#### Week of September 15:

- Lowering iron structures will start on Hayes & 170th for reclaiming.
- Ramping driveways for access.
- Full depth reclamation on Hayes & 170th will take place.
- Top excavation of Hayes & 170th will also start later in the week.

#### Week of September 22:

- Grading & subgrade corrections will take place.
- Paving bituminous base course will start later in the week..

If individual driveways are impacted by construction, residents will be notified via door hanger to discontinue use and for how long.

Please be cautious and reduce vehicle speeds when approaching crews working in the roadway. Construction personnel will notify drivers, via hand signals, when it is safe to pass around moving equipment.

Further updates will be provided as the project progresses. ***The schedule may be shifted due to weather and unexpected delays.***
