

2025 Street Reconstruction Project Update

City of Lakeville Public Works 

Construction Update

Private Features in City Right-of-Way

We ask that residents locate private features in the City right-of-way so the contractor is made aware that there may be irrigation or invisible dog fences in the boulevard. The contractor will do their best to try to minimize damage to these systems and will repair during restoration.

[Watch this video demonstrating areas impacted by construction.](#)

[Get the most up to date construction schedule and phasing map \(PDF\).](#)

Phase 1 - 170th Street & Hayes Avenue

Week of October 13:

- Directional drilling in Harbor Ct.
- Curb replacement in Harbor Ct. & Havelock Ct.
- Grout filling of old watermain.

Week of October 20:

- Tolerancing in Harbor Ct.
- Pave base course in Harbor Ct.

If individual driveways are impacted by construction, residents will be notified via door hanger to discontinue use and for how long.

Please be cautious and reduce vehicle speeds when approaching crews working in the roadway. Construction personnel will notify drivers, via hand signals, when it is safe to pass around moving equipment.

Further updates will be provided as the project progresses. ***The schedule may be shifted due to weather and unexpected delays.***
